

Gouache Painting Supply List

Recommended Gouache Paints: (DO NOT use 'Acrylic Gouache' for this workshop!)

Gouache sets are a good place to start: The ShinHan Gouache Set of 12 is a professional paint at a wallet-friendly price available on Amazon. Winsor & Newton Designer Gouache primary set of 6, or Utrecht Gouache at DickBlick.com is also a great professional paint option that I use almost exclusively. Never waste your time and money on "student-grade" paint! Student-grade paint will guarantee a miserable painting experience. Ask for assistance at the art store if you don't know the difference.

Colors: You can purchase individual tube colors instead, or in combination with a gouache set. A suggested standard palette of colors is listed below.
